## UHLAN FASTER

Champion Trotter Will Be Pointed to Mile in Better Than Two Minutes

Next season the world's champion trotter, Uhlán, 1885, will be pointed to a mile in better than two minutes to wagon, driven by an amateur. Last season, U. G. Billings, driver of Uhlán, drove the ebony coated son of Bingen a mile to wagon during the Grand Circuit meeting at North Kamsall in 201, which eclipsed the previous world's record for trotting under such circumstances. It was then felt that Uhlán could go faster than he did, but weather and track conditions were against him every time he essayed a performance against time when hitched to a wagon.

At the present time Mr. Billings owns the two fastest trotters in the country, both to sulky and to wagon. Lou Dillon's record to sulky being 1:58 1/2, Uhlán's, 1:58 1/2, while the mare's record to wagon is 2:00, while the gelding's 2:01, but he wants to own a trotter that holds a record to wagon better than 2:00.

In 1908 Mr. Billings drove Lou Dillon a mile with a runner in front of him in 2:00, while last summer in the first time he ever pulled a team over a mile in a regular public trial the champion wrestled the crown held for several years by Major Delmar's son, Uhlán, to wagon performance by a trotting gelding. Major Delmar's mare was 2:02 1/2, while that of Uhlán was 2:01 1/2.

At Readville Uhlán started against the track record of 2:02 1/2, and hitched to a wagon he negotiated the two-minute track in 2:02 1/2. The track was heavy that day, while the weather conditions were far from ideal. Later at Hartford, Uhlán was again hitched to wagon to lower the track record of 2:02 1/2 held by Hamburg Belle, and he stepped a mile in 2:02 1/2, the time being recited off in seconds. According to Doc Tanner, that was Uhlán's best performance, notwithstanding that he trotted in 1:58 1/2 to sulky earlier in the year. In making that statement, Tanner of course, takes into consideration the show business track and weather conditions on the day the mile was trotted.

In order that Uhlán may have the best possible preparation for next season's speed campaign, Tanner will ship him along with Oakland Merced, Lou Dillon and that colt, the filly to Brunswick, Ga., about January 3 or 4. Mr. Billings has a winter home at Brunswick, and when Uhlán is no race track there, the roads are fine for jogging purposes, which is all that is needed for a few months. Later on when he begins to step Uhlán, Tanner will probably ship to Memphis, so that before he is shipped north in the spring the champion will have had many tuning-up miles, not fast, of course, but the kind that a trotter needs to harden his muscles and legs.

This is about the same course of early training that Tanner sent Uhlán through last year, and it worked so well that in all probability the same course will be followed closely this year. When Tanner shipped to North Kamsall from Memphis last spring it was on the thirteenth day of the month. Now the Cleveland trainer believes that "13" is about the best number as any other on the calendar.

## KING GEORGE'S TURF ENTRIES

Has Entered Many Horses in Epsom, Ascot and Other Race Meets

It is now possible to state what King George's plans for racing during the fall racing season which opens in March of this year. Ever since the death of King Edward considerable anxiety has been felt in racing circles whether King George would support the turf to the same extent as his father, who was not only its greatest patron, but an active follower of the sport. Doubts as to his majesty's intentions are set at rest by the latest issue of the racing calendar, the official journal of the turf, which King George has made for his horses for many races to be decided after the expiration of the official year of mourning.

At the Newmarket Second Spring meeting, at the Epsom Summer meeting and at the Royal Ascot there will be opportunities of watching horses in King George's colors endeavoring to emulate the great successes of those registered by the late King. Of course it will be necessary to wait some time for another royal victory in the classic races for the entries for this year were closed in King Edward's lifetime. The following official entries show the comprehensive nature of the engagements made in King George's name:

Newmarket—May 9 (Burwell Plate): Oak by Florizel—Meadow Chat; July 11 (Society Stakes): c by Miss Thrush—Zazine; c by Lord Bobs—Mirabelle; December to (Clemwell Stakes): c by Thrush—Lodamia; c by October 24 (Criterion Stakes): c by Thrush—Lodamia; c by Miss Thrush—Zazine.

Salisbury—May 18 (Salisbury Stakes): c by Thrush—Komm Carlin.

Brighton—May 24 (Seymour Plate): c by Flying Fox—Apl Princess.

## SCULLER ARNST IS AMBITIOUS

Big Australian Now Mentioned as the Latest White Man's Hope

Sydney, Australia, Jan. 30.—The search for a white man capable of wrestling the world's heavyweight championship from the present titleholder—Jack Johnson—has been going on for some months, but with little success as first class boxers among the big men are very scarce, so scarce in fact, that none of them is given even a look in by men who know and follow the game. Hugh D. McIntosh, the Australian promoter, who is now in London, has been holding clinics on a man to put against the colored champion, but so far the results do not appear to the sport-loving people. Although Bill Lang and Al. Kaufman may develop into better men, and some have hopes of Bombardier Wells, not only single one.

The man who may be brought forward and who really could be depended upon is none other than Richard Arnst, the champion barman of the world, and who was champion cyclist of Australia at one time. Mr. Arnst has authorized the statement that he will consider a contest with Jack Johnson, providing that the several weeks' sparring with competent men he believes he can learn the game properly and prove himself a worthy and capable challenger for the title.

Already started work. The fact is that Mr. Arnst has already started "fencing himself out" for just such an encounter, and has been boxing privately for some time with among his tutors being "Snowy" Barker, the Australian professor; Jimmy Clabby, the clever American welterweight, and Ray Bronson, the American lightweight. He will also work with Billy Page, the middleweight, and Cyclone Johnny Thompson.

People over there who are intimately acquainted with Arnst have great confidence in his ability to make good, for they remember how he fooled them all when he took up scuffling. Arnst became one of the greatest cyclists in Australia and New Zealand, finally winning all the big states and the world's title. He turned around and learned how to row, and became the world's champion, although experts ridiculed him for claiming that no man who had been brought up around the "shed" could ever accomplish such a feat. Just the same Dick did it, and to-day holds the world's title. Big events usually go down at times the Americans do declare, and of all the players Johnson of the Wanders, was the best. He could stop three men coming down playing continuation, and he did, declares Mr. Sewell.

He it alleges a victory for the Ottawa was when it comes to winning out the league.

Found Business Good Business was quite brisk in the east, he declared, and he found it in his decided advantage to do most of the buying on the Canadian side, especially in that he was purchasing only the very highest qualities.

Assemblyman McGrath of Brooklyn is still on the job trying to show the New York State Assembly why it should pass a law permitting Sunday baseball. Mr. McGrath has been fighting for Sunday baseball for years and surely deserves success.

A few trades in major league circles pulled off this winter include: "Star" Clark, Cleveland, to St. Louis; Art (Triggs), St. Louis, to Cleveland; "Matty" McIntyre, Detroit, to Chicago; Dave Sheen, Boston Nationals, to New York; Arthur Slater, New York Nationals, to Boston.

## Avoid Harsh Drugs

Many Catholics Tend to Cause Injury to the Bowels.

If you are subject to constipation you should avoid drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They are not only a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it will not cost the user a cent if it does not give entire satisfaction and completely relieve constipation. This preparation is called "Rushall's Kidney Pills." These are prompt, soothing and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless and colorless. Combined with other well known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not purge nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons and aged people as well as for those who are overworked.

They come in two size packages, 12 tablets to 10 cents, 26 tablets to 25 cents. Remember you can obtain them only at our store.—The Rexall Store, Archibald.

According to Jimmy, Abe persists in well doing and adheres to the simple life. Aotter his signs with him. He would take duck and geese. Jimmy, the clever American welterweight, and Ray Bronson, the American lightweight. He will also work with Billy Page, the middleweight, and Cyclone Johnny Thompson.

## Had Severe Pains In His Back.

Could Hardly Work.

Mr. Alfred E. Davis, Corrie, Ont. writes:—"For some years I suffered from severe pains in my back and could hardly work at all; and when I stopped down to pick up anything, felt as if my back must break. I was advised to try Doan's Kidney Pills, and after taking two boxes I was entirely cured, and feel that I cannot speak too highly in their favor."

"This was nearly four years ago and I still remain cured."

Those who have never been troubled with kidney trouble do not know the suffering and misery which those afflicted undergo.

The weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Doan's Kidney Pills are a specific for all kidney troubles. They help the kidneys to flush out the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages. Price 50c per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto.

If ordering direct specify "Doan's."

BASEBALL NOTES

"Tubs" Blairing of the Athletics says that his injury will be in no shape for spring training.

Some of the Boston series have dubbed the "Doves" the "Doves" in honor of President William Higgins.

Third baseman Timmer, tried out by the Highlanders in 1910, has been signed by Manager Becker of the Athletics.

The Boston Red Sox' first game at home will be played April 11. The Harvard University nine will perform against the Red Sox.

Governor John C. Tener of Pennsylvania has for six years one of Capt. Jesse's boxing matches with the old Chicago White Sox.

want good ball players, and not good fellows on my ball team. I can't see these three players," says Manager Jimmy Barrett of the Milwaukee Club.

They have new stands at the Cincinnati ball park are completed the new privilege will be a thing of the past and nothing but soft drinks will be sold on the grounds.

Joe Tinker of the Cubs, says that Pitcher Jesse Baker of the Spokane club is a great utility player. He is a member of the American League. Baker has signed with Comiskey.

Two Hammonds committed by a 24-point university to study our national game, will go to Manila, Tex., with the "Japanese athletes to the Giants."

The National League managers are treating Roger Bresnahan most shamefully. Roger wants only seven or eight stars to strengthen his candidates, but the managers will hold on to their stars and leave poor Roger in absolute want.

STRAIGHTEN OUT TANGLE New York, Jan. 30.—Whether there will be peace or war on the sporting turf next season is believed to depend upon the outcome of the special meeting begun in this city today by the stewards of the Grand Circuit. The meeting is the direct result of the action of the Columbus Driving Association in withdrawing from the Grand circuit on account of dissatisfaction over the allotted dates and the steps taken to form the "Great Circuit" circuit. It is believed that every effort will be made to patch up a truce, as the formation of a rival circuit under the auspices of the present world, according to the opinion of nearly all of those well informed as to the situation, prove disastrous, especially to the eastern tracks of the Grand circuit.

## JOHNSON'S TROUBLES

Chicago, Jan. 30.—Jack Johnson returned home yesterday after a two weeks' swing around the eastern circuit and the first thing the champion told us to do was to stop the speculations on all the yards of his being matched with one man and then another. If Johnson is really killed to meet somebody in the near future he is not aware of it and brands all these false reports as publicity stunts of industries press agents.

"I am not considering any proposition," said Johnson, "and the story of my meeting Kaufman is a myth. The Prisco had in a circular contract at present and it is an attempt to boost his show that causes all these busy yarns. Outside of a six-round bout in Philadelphia, for which Jack O'Brien would guarantee \$5000, I have not thought of fighting Kaufman and there is not much chance of a match with him inside of six or even twelve months."

Johnson is willing to fight, however, and even admits that a good prize would lure him, provided the battle was staged somewhere in the United States. The champion is still adverse to any matches under foreign rules. Johnson will linger about the Walsh avenue house until Tuesday when he hits the western trail for a trip which may carry him around the world.

At a recent meeting of the Minneapolis League Frank E. Force, a Minneapolis sporting editor, was elected president, and the league salary list was increased from \$1,000 to \$1,500, exclusive of the player-manager.

John Bender, brother of "Big Chief" of the Athletics, may be given another trial in the South Atlantic League. Johnson asked in the S. A. L. a couple of years ago, but was asked of a bad actor and was suspended indefinitely.

# WE BUILT MEDICINE HAT NOW

Your Opportunity Lies in the  
Field Not Yet Filled

Destined to become the Greatest Industrial Centre of Western  
Canada and the Distributing Centre of the Greatest  
Irrigated Belt in the World

Home of the Cheapest Power  
in the World

IN OFFERING KENSINGTON PLACE, MEDICINE HAT, WE OFFER AN OPPORTUNITY FOR THE SMALL INVESTOR UNEQUALLED IN WESTERN CANADA. THIS PROPERTY LIES JUST OUTSIDE THE ONE-MILE AND INSIDE THE 1/2-MILE CIRCLE IN LINE WITH THE ONLY FAVORABLE GROWTH OF THE CITY. WE ARE OFFERING ONLY 60 LOTS. EVERY LOT WE WILL GUARANTEE ABSOLUTELY LEVEL VIEW PROPERTY. WE HAVE SOLD OVER 200 LOTS IN CALGARY AND MEDICINE HAT. MORE THAN TWO THIRDS OF THEM WERE SOLD TO COMMERCIAL TRAVELERS AND RAILROAD MEN, WHO ARE FAMILIAR WITH MEDICINE HAT AND THE CONDITIONS WHICH EXIST THERE TODAY. WE HAVE NEVER SHOWN THE PROPERTY TO A PROSPECTIVE BUYER WHO DID NOT BUY MORE THAN WAS THEIR ORIGINAL INTENTION. EVERY CUSTOMER WHO BOUGHT BEFORE SEEING THE PROPERTY AND WHO HAS EXAMINED THEIR PURCHASES LATER IS SATISFIED AND IN SEVERAL INSTANCES HAS BOUGHT MORE.

## Sixty Lots in Kensington Place

### ONLY FOUR LOTS SOLD TO EACH INVESTOR

IN OFFERING THESE 60 LOTS WE WILL NOT SELL MORE THAN FOUR LOTS OR LESS THAN TWO TO ANY ONE INVESTOR AS AFTER THE 60 LOTS ARE SOLD NO MORE WILL BE OFFERED AT THESE PRICES AND TERMS: \$100.00 PER LOT, \$25.00 EXTRA FOR CORNERS. TERMS 1/4 CASH, BALANCE 4, 8 AND 12 MONTHS. OUR BOOKLET, "MEDICINE HAT," NOW FREE ON REQUEST AT THE OFFICE OF CHAS. MAY & CO, FIRST STREET.

As evidence of the Possibilities of Industry in Medicine Hat, one firm, The Alberta Clay Products Co., secured an order in Edmonton for 160 Cars of one of its Products, Fire Proofing. By March 1st this firm will be shipping 50 Cars per day of Brick, Sewer Pipe, Fire Proofing

As a Guarantee to Investors when these 60 Lots are Sold the Price will advance to \$150 per Lot

### MORGAN IS A GREAT BUYER

American Willing to Pay Any  
Sum for Art Treasures—  
"Get Them"

London, Jan. 28.—From a famous art buyer who has just returned from Lisbon come details of treasures of the Necessities palace which J. P. Morgan is terribly anxious to add to his collection in his Prince's Gate house in London. "I don't care what you spend, but don't fail to get them," is the burden of his cables to those who are acting for him.

Among the specimens he has determined to have at any price are some majolica vases, the finest of their kind in Europe. There is one more than five feet high, said to have been a gift from Peter the Great to a former Portuguese sovereign. It is worth anywhere from \$20,000 to \$25,000. It also covets some of the collection of exquisite old lace which belonged to Queen Anne and which contains specimens from almost every country in the world. Queen Anne threatens to take the matter into the courts should the republic authorities dispose of an inch of the collection.

Morgan has lately made renewed offers to Earl Clanciarie, "the most hated man in Ireland," for the famous Clanciarie jewel. Clanciarie, who is a large landowner in Ireland, fought his tenants for years with the result that he was reduced almost to poverty. Finally the land act came along and saved the situation. Through all his trouble the peer held to his blue china, a renewal of the offer to accept any offers he felt for his great jewel, a present from his mother, a daughter of Clanciarie, the statesman.

### TO BE TRIED FOR MURDER OF FOUR

Lawyer for Defense in Former  
Case Will Be the Trial  
Judge

Marville, Mo., Jan. 28.—The case of Elizabeth Haseo, charged with the murder of the Hubbell family, will be called on Monday before Judge John W. T. Kamm, who, by a peculiar coincidence, defended Haseo a number of years ago when she was tried for the murder of Mrs. Kate Hamm.

The murder of the Hubbell family occurred on the night of November 29 last and was one of the most atrocious crimes ever committed in Missouri. The victims were Ota Hubbell, a farmer, and his wife

and two children. The family lived on a farm near the village of Hannard. On the night of the tragedy neighbors heard shots at the Hubbell home and soon afterward discovered that the house was burning. When the flames had been extinguished the searching parties found the charred remains of the two children in their beds, where it was evident they had been killed while sleeping. Hubbell's body was found on the floor in an adjoining room, and his wife's body was in bed where she probably had been shot with out warning. Indications pointed to a probable struggle between Hubbell and the murderers.

### WESTERN INDIANS TO MAKE LONG TOUR

Band Organized for a Trip to  
Australia and Other Distant  
Lands

Victoria, Jan. 30.—When the Canadian-Australian liner Makura leaves on Friday, January 27, for the Antipodes, she will carry a band of Indians from the Canadian Northwest, on a tour of Hawaii, Australia, New Zealand and Oceania. Lieut.-Colonel Stacey of the British army, who arrived here on the Makura, is now in Alberta and Saskatchewan making arrangements with the aborigines and it is expected that he will be successful in securing a band.

In the Antipodes the residents have never seen the Red Man of the Canadian plains, who have formed the theme for many writers who have become famous in dealing with the peculiarities and natural instincts of the Indian. They will view the southern cities and give exhibitions of war dances and other ceremonies. The Indians will wear the garments with which they are generally accredited including gaudy blankets, head pieces of feathers and moccasins and carry their tomahawks besides pointing their faces with natural dyes.

At the conclusion of the tour the Red Men will be returned to their homes in the Northwest, to end their

days unless the call of the bush in Australia causes them to remain there. Colonel Stacey will prepare a programme to be given at the various towns and cities which will be unique and interesting and one quite liable to attract widespread attention. While the Indians are passing through there an attempt may be made to have them give a demonstration.

### NAVAL BASE FOR U.S. OFF ECUADOR

Galapagos Islands to Be Leased  
from Republic as Protection  
for Panama Canal

Washington, Jan. 25.—That negotiations are under way for the acquisition by the United States of the Galapagos Islands off the coast of Ecuador, was admitted at the state department. It is proposed that the islands be leased for an indefinite term by the United States for use as a naval station and base of operations in the Pacific, with special reference to the Panama canal. Ecuador, on the other hand, wishes to use the five million dollars offered as the price of the lease, for the sanitation of the city of Guayaquil. The subject was discussed at the instance of the Ecuador government, which, it is generally known is practically bankrupt. The principal argument, advanced by those favoring the acquisition of the islands is that Japan may get control of them if not foreclosed by this government. There is considerable question, however, as to whether Japan can acquire the Galapagos Islands without running afoul of the Monroe doctrine.

The Galapagos are a group of a dozen or more islands situated in Ecuador, about 800 miles southwest of the Pacific mouth of the Panama canal. They occupy somewhat the same relative strategic position on the Pacific side as does the naval base of Guantanamo on the Atlantic. There is an excellent harbor on the coast of Albemarle. The islands are not preser sparsely populated. Through a constitutional provision the islands cannot be sold or alienated by Ecuador. A law was passed last year, however, which will permit the leasing of the islands for a term of 999 years, and it is under this provision that it is proposed to consummate the deal.

### TWENTY NATIVES KILLED

Manila, Jan. 30.—Twenty natives, all natives, lost their lives in the tidal wave which followed the eruptions of Mount Taal in the Philippines. All towns within twenty miles suffered damage from the rain of mud and stones which still continues. The native population is abandoning the villages and fleeing to Manila.

### ANARCHISTS ARE EXECUTED

Kotoku, His Wife and Ten Com-  
panions, Put to Death for  
Alleged Plotting

Tokio, Jan. 28.—Twelve anarchists convicted of a conspiracy against the throne and the lives of the Imperial family were executed in the prison here today.

Those put to death included the alleged chief, Denjiro Kotoku, and his wife. Kotoku was a newspaper man, who, because of his radical writings, was obliged to leave Japan some years ago. He went to San Francisco, where he conducted a Socialist publication for a time. Later he returned to Tokio, and is credited with having originated the plot which led to the death today of twelve of the twenty-four conspirators.

Twenty-four were condemned to death, and the sentence of one-half of the number was commuted to life imprisonment. Two others were given terms of imprisonment.

The twelve Socialists whose death sentences were commuted are confined in the prison here.

### Prisoners Were Hanged

Tokio, Jan. 12.—Disregarding a stream of protests from all over the world, the Japanese government today wiped out by means of the gallows the lives of Denjiro Kotoku, his mistress, Suga Kanno, and ten other Japanese Socialists, convicted by a chamber sessions of the secret court. Not one of the Socialists was welcomed at the end, according to officials who witnessed the executions, but all declared their willingness to die for their cause.

While the attitude of Premier Katara and his colleagues had for days indicated that they were resolved that nothing short of death would serve as the punishment for Kotoku and his fellow Socialists, not an intimation was allowed to "escape up to today that their end would come swiftly. Itally had the preparations been completed at the city prison for the executions when the world spread throughout Tokio, causing the widest excitement.

The executions were proceeded with under five orders. It is said, from Marquis Kasura. On his express command, report says, the procurator-general and the necessary officers were in attendance early today, and one by one the Socialists were led forth to die. Throughout the city special reserves of police and troops were in

so well were the precautions taken that the friends of the condemned saw that any demonstration would be useless and refrained.

### TRUST GIVES UP RIGHTS FOR LABOR

Surrenders Monopoly in Use of a  
Substitute for White  
Sulphur

New York, Jan. 30.—Fearing compulsory and state legislation, manufacturers of matches in the United States have entered into an agreement to discontinue the use of white phosphorus, which causes a deadly and loathsome disease among match factory workers. It is known as phosphorus necrosis, but commonly called "phossy jaw." To make this move possible the Diamond Match company, which controls the industry in this country and is known as the Match trust, has voluntarily surrendered to competitors the patent rights on a harmless substitute for the poisonous phosphorus.

Announcement was made yesterday by Dr. John B. Andrews, secretary of the American Association for Labor Investigation, of the legal transfer by the Diamond Match company of its exclusive rights of the patent of sesquisulphide, the non-poisonous substitute, to three trustees who in the future will have complete control of the patent rights. The trustees are Jackson H. Ralston, of Washington, counsel for the American Federation of Labor, Professor E. R. A. Seligman, of Columbia University, and Charles P. Nell, Commissioner of Labor. The patent rights for the exclusive use of sesquisulphide were purchased by the Diamond Match company in 1868 from French chemists at a cost of \$100,000.

Dr. Andrews considers the concession by the match company a great victory for the association, which for four years has been trying to obtain legislation providing for the imposition of a prohibitive federal tax on white phosphorus, which has been used in every match factory in the United States.

### "Phossy Jaw" Often Fatal

Investigations made by Dr. Andrews and by agents of the Bureau of Labor of the Department of Commerce and Labor have demonstrated that the disease has existed in this

country in a serious form for more than half a century. "Phossy jaw" causes the loss of one or both jaws, and often results in death.

"Phosphorus necrosis," Dr. Andrews said yesterday, "is caused by the absorption of phosphorus through the teeth or gums. The generally accepted theory is that minute particles of the poison enter usually through the cavities of decayed teeth, setting up an inflammation which extends along the jaw, destroying the teeth and bones. The gums become swollen and purple, the teeth loosen and drop out and the jawbones slowly decay.

"Treatment is largely preventive, but when the disease is once established a serious surgical operation is often the only means of arresting the process of decay. In many instances of poisoning it is necessary to remove the entire jaw, and often both jaws have been removed. Many cases of necrosis have resulted in death."

Edward R. Stettinius, president of the Diamond Match company, said that the three trustees in control of the patent rights of sesquisulphide had been named after many conferences between the directors of the company, the independent manufacturers and the officers of the association, of which Professor Henry W. Farnum, of Yale university, is president. He said that the action of the Diamond Match company was a guarantee that the corporation has no desire to gain a monopoly of the match industry in the United States.

### Agree to Eliminate Poison

"All up-to-date match manufacturers have recognized the dangers of this occupational disease," Mr. Stettinius said to a reporter for the Herald, "and we called our competitors in conference for the purpose of reaching an agreement whereby the poisonous white phosphorus could be entirely eliminated. Such action was made possible by our company's surrendering its exclusive rights to the best known substitute for the poison. We have taken up the matter of safeguarding the health of our employees in good faith, and we have not opposed the Esch bill introduced in congress placing a heavy tax upon white phosphorus."

Federal of State legislation, Mr. Stettinius said, would affect 400,000 dealers in matches as well as the manufacturers. The Diamond Match company, he said, employs more than

3,000 men, women and children in its factories. A large percentage of these, according to the statistics of the Bureau of Labor, are exposed to the poisonous phosphorus fumes.

Dr. Andrews said that the principle match factories of the United States are in the States of New York, New Jersey, Pennsylvania, California, Minnesota, Wisconsin, Michigan, Illinois, Indiana and Ohio. Victims of the disease of "phossy jaw" have been found in Garfield, N.J., and at Evergreen, L.I.

Dr. Andrews referred to the fact that Mr. King, Canadian Minister of Labor, has introduced a bill in the Dominion parliament prohibiting the manufacture of matches made from white phosphorus. Dr. Andrews said he believes the Esch bill will be passed in the present session of congress.

New York, Jan. 30.—Final arrangements have been completed for the dinner which is to be given to Nathan Straus by two prominent citizens of New York at the Cafe Boulevard tomorrow night. Among those announced to respond to toasts are Col. Theodore Roosevelt, Edward M. Shepard, and Congressman Sulzer.

### Specials to Trappers, Traders & Fur Dealers

We have received large orders from Eastern and foreign manufacturers for selected line wolf skins. Although the fur market is very dull, nevertheless, for fancy skins we are in a position to pay fancy prices.

For No. 1 extra large line silky skins ..... \$5.45  
For No. 1 extra large line silky skins ..... \$4.50  
For No. 1 extra medium fine silky skins ..... \$3.25  
For No. 2 extra large line silky skins ..... \$3.75  
For No. 2 extra large line silky skins ..... \$3.00  
For No. 2 medium fine silky skins ..... \$2.25  
No. 3 and 4 or unprime skins at their value.

We pay all express charges, your shipments by cheque. We remit by return mail for money order or currency. We hold shipments subject to your approval immediately on receipt of payment. Ship your furs along we will try and please you as to prices. We are in the market for all classes of furs.

44 Jasper Ave. W.  
TELEPHONE 1850

### REAL ESTATE RAPIDLY INCREASING IN VALUE

Adouble corner at the south east corner of Fourteenth and Jasper that sold a few months ago for \$20,000, and again a few weeks ago for \$24,000, was sold a third time on Saturday for \$30,000. The purchaser was Andrew Agar, ex-alderman.

The property is known as the Voyager property, and has 100 feet frontage on Jasper. It is occupied at present

of a proportion to the provisions of the wages bill. I am writing to the Dominion government today, and if the remedy is not applied immediately the matter will be placed in a solicitors' hands. The commissioners have had repeated warnings."
